MEMORANDUM FOR: Mr. John N. McMahon
Deputy Director
of Central Intelligence

SUBJECT: INR Automated Intelligence Support

I appreciate the continued offer of assistance contained in your memo of August 19, 1983. In connection with management of the project, as you doubtless know, we currently have three positions assigned to managing information handling within INR, the third of which is a new position for a TASMASTER who has been selected and is currently being processed for security clearance. At present we feel that one of the three persons assigned to the information handling staff would be used, in conjunction with your IC staff support and support from various elements of the Department containing specific expertise in fulfilling the requirement. If there are other considerations not known to us, however, we welcome a continuing dialogue on this aspect of the program.

We look forward to the continued development of this project and will discuss funding of a contract in FY-84 with our financial experts as soon as FY-84 operating funds become available to State.
